

THE ADVENTURE OF A LIFETIME

Located on one of the lushest islands on the Raa Atoll, Amari Raaya Maldives celebrates the art and beauty of the archipelago's natural riches. The luxurious resort invites couples, friends and families to discover their sense of adventure on the island with a myriad of activities from exploring the rich house reef, to workshops featuring arts and crafts, all-encompassing wellness facilities including the luxurious spa, fitness centre with yoga pavilion and family-friendly activities.

Celebrating our sense of adventure, woven in Amari Raaya Maldives concept is the story of a fictitious artist Sebastian (Seb), who temporary settled on the island in 1976. Step into the world of a survivor and artist as you immerse yourself in a collection of upcycled art and watchtowers, elevated mangrove walkway, to organic farms and ship wrecks created by Seb during his life on the island.
