## A True Maldivian Experience

The iconic 4\* Reethi Beach Resort is located in the known Baa Atoll, a UNESCO Biosphere Reserve which hosts the world famous Hanifaru Bay, home of the majestic Manta rays during the months of June till October. Indulge in a rustic Robinson Crusoe feeling combined with a relaxed atmosphere – a true Maldivian island experience.

### Arrival Experience

After completing Immigration and Customs formalities at Velana International Airport, guests proceed to either the seaplane terminal to board a scenic seaplane flight, or the Domestic Terminal to continue their journey on a wheelbased plane to Baa Atoll. Our preferred Domestic Carrier is FlyMe which operates regular daily flights from Male to Dharavandhoo. The flight time on their new, comfortable and air-conditioned ATR 72-500 turbo prop aircrafts is about 20 minutes after which you will be transferred on a short speedboat ride (approximately 15 minutes) to your holiday island – Reethi Beach Resort. Baggage allowance is 25kg plus 5kg hand luggage per person.

If you choose Seaplane Transfers as your onward mode of transport, the 14-passenger De Havilland Twin Otter seaplane will take you on a 35-minute scenic flight to our floating resort platform located offshore from our island, Fonimagoodhoo, in Baa Atoll. Upon arrival, guests will be transferred to a traditional Maldivian Dhoni for the 15-minute boat ride to the resort jetty.

Also note that baggage allowance is 20kg plus 5kg hand luggage per person. Excess baggage is chargeable and shall be paid directly to the seaplane operator. Due to safety restrictions, luggage may be offloaded from the flight and delivered with the next possible connection in which case the seaplane operator will notify you prior to boarding.
